

Grade 2

Term 4 - Week 6

Life Skills

Day and Night

Dear reader.

This booklet has been compiled to cover the themes of this year. We look at each theme's information. We provide two written worksheets to test knowledge (AKPSW). We also give suggestions for fun art activities (CA) and outdoor exercises. (PE)

Note that Life Skills do not count for progression and promotion. These are simply aimed at making the children liveable.

Themes for the term:

Week 1 South Africa

Week 2 National Symbols

Week 3 Different ways of Communicating.

Week 4 More ways we can communicate.

Week 5 How deaf and blind people communicate.

Week 6 Day and night

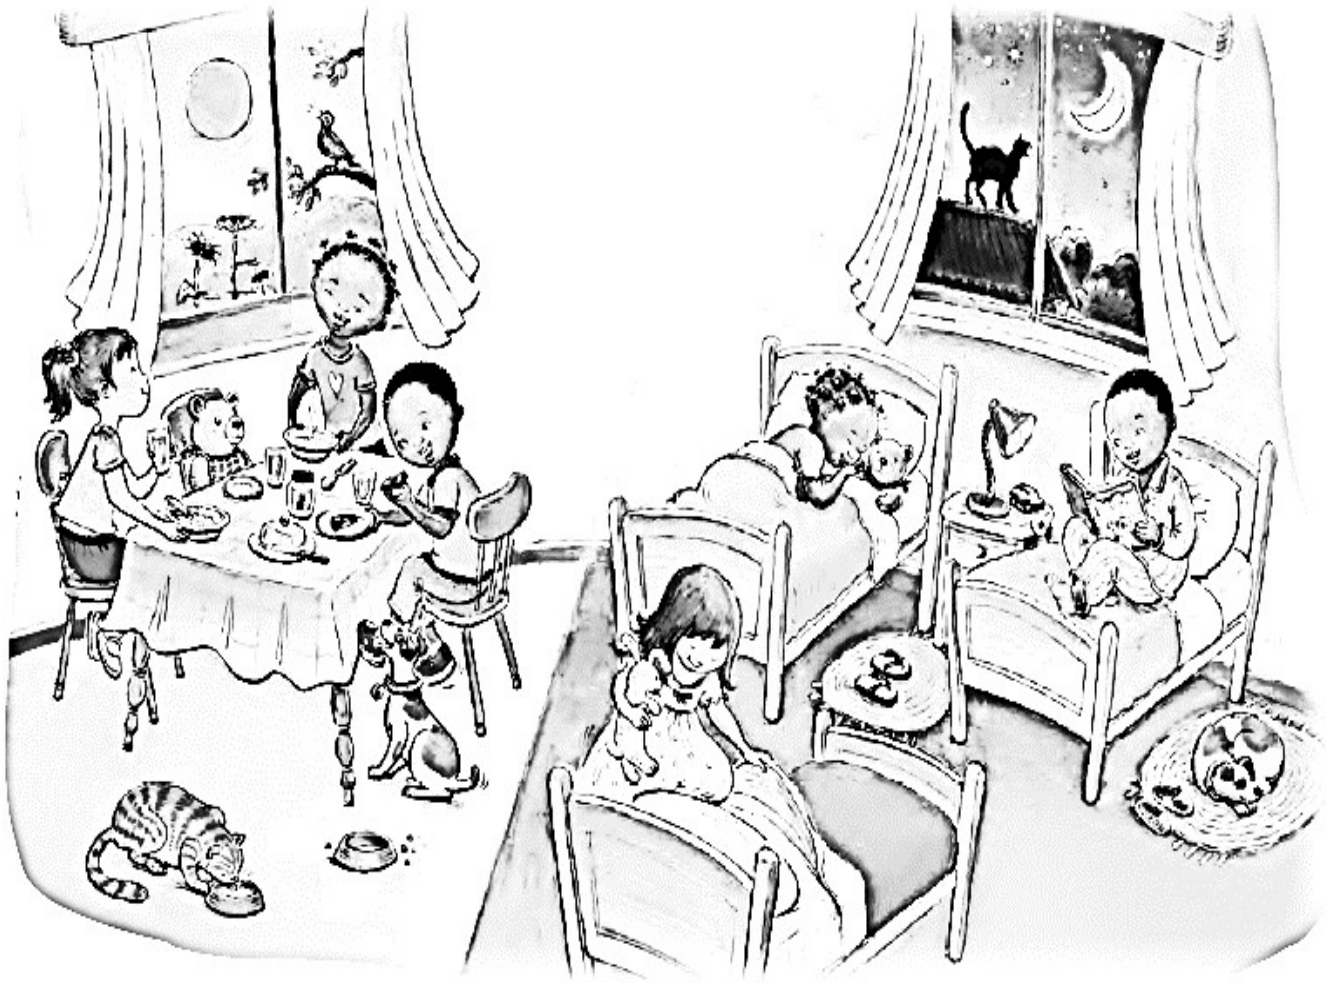

Week 7 Day work and night work

Week 8 Night and day animals.

Enjoy the work.

Day and Night.(AKPSW)

Color the picture that shows us that it is night gray?

When does the moon shine? _____ Color the moon silver.

Color the picture that shows that it is day light yellow?

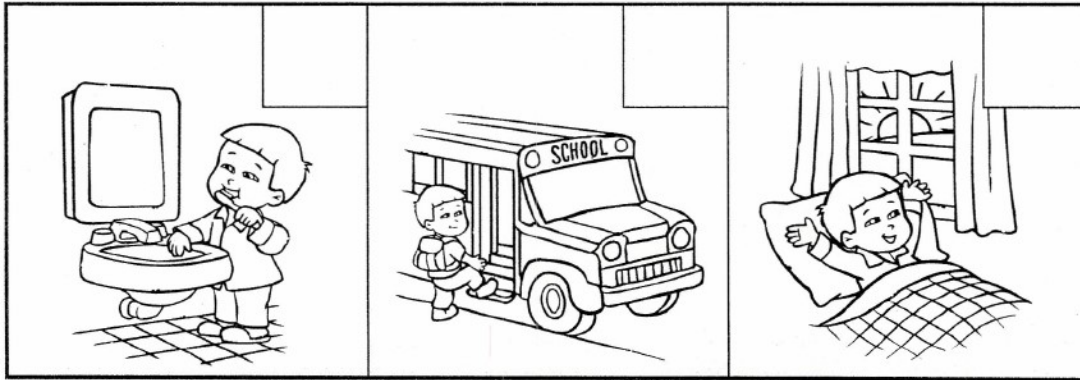

When does the sun shine? _____

Color the sun bright yellow?

Write a sentence about each picture and name something we do during the day and something we do at night.

Day and Night.(AKPSW)

Give a caption for each group of pictures to show whether it happens during the day or at night. Then write sentences about each picture in the correct order. _____

We move. (PE)

Warm up: shrug your shoulders, make your arms loose, shake your hands.

Swing your right arm forwards and around. Do this six times. Now do the same with your left arm.

Swing your right arm backwards six times. Do the same with your left arm.

Swing both arms forwards six times. Then swing them backwards.

Now swing one arm backwards and one arm forwards, at the same time. Do this six times and then change arms. Cool down: put your hands on your tummy.

Breathe in, down into your tummy, until you see your hands move apart.

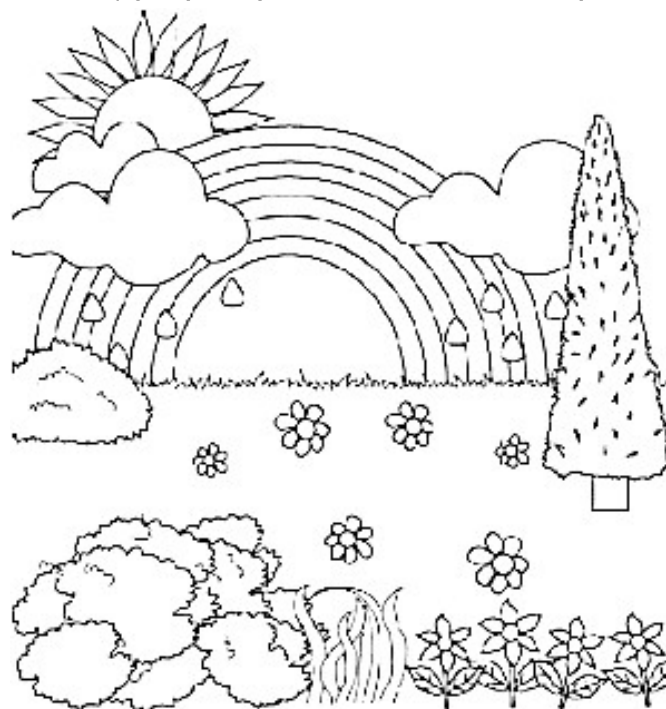

Breathe out slowly and softly. Do this four times.

Communicating through music.(PA)

Music is also a way of communicating.

Sing the songs and do the movements

We trace off. (CA)

Look at the picture on the previous page. Use partitions to draw the picture and then color it in nicely. Make sure you use colors that represent day and light.
